

## MultiSync® X554UNV-2 LCD 55" Video Wall Display

### Datasheet

The ultra slim X554UNV-2 features a 3.5 mm bezel to create impressive high resolution videowalls with barely visible bezels. New Connectivity and Sensors allow additional creativity in the content displayed. The unique built-in NFC sensor in combination with NEC's Android app reduces installation and maintenance times, especially useful on larger installations.

The perfect picture quality and high product reliability make the X554UNV-2 an ideal solution for retail signage, reception areas and showrooms.

### Benefits

**Reduced Installation and Operating Costs** – highly energy efficient LED backlit display ensures low power consumption, longer backlight lifetime and lighter design for easy transportation, mounting and integration.

**Native UHD Daisy Chaining through DisplayPort 1.2 Multistreaming** – enables the user to create UHD videowalls with either a single UHD image or 4 different Full HD sources.

**Auto Tile Matrix** – for a complete auto set up for videowalls. Save time and cost by configuring one display in order to complete the set up for the entire wall.

**Frame Comp** – supports a seamless appearance and shows the content without any interruption, creating one stunning image by synchronising the content across the wall.

**Unique NEC heat management** – enables the user to monitor and control the heat inside the display with user controllable fans. Heat management is crucial for larger walls and mission critical installations to secure reliability and longevity.

**Free Download of Multi-Display Management Software** – with NaViSet Administrator 2 you can manage all your connected display devices from a centralised location.

**DICOM support** – for medical applications.

## Product Information

|               |                            |
|---------------|----------------------------|
| Product Name  | MultiSync® X554UNV-2       |
| Product Group | LCD 55" Video Wall Display |
| Order Code    | 60004272                   |

## Display

|                                 |                                                             |
|---------------------------------|-------------------------------------------------------------|
| Panel Technology                | S-PVA with direct LED backlight                             |
| Active Screen Area (W x H) [mm] | 1,210 x 680                                                 |
| Screen Size [inch/cm]           | 55 / 138.8                                                  |
| Aspect Ratio                    | 16:9                                                        |
| Brightness [cd/m²]              | 500, 300 Eco (shipment setting)                             |
| Contrast Ratio (typ.)           | 4000:1                                                      |
| Viewing Angle [°]               | 178 horizontal / 178 vertical (typ. at contrast ratio 10:1) |
| Response Time (typ.) [ms]       | 8                                                           |
| Panel Refresh Rate [Hz]         | 60                                                          |
| Haze Level [%]                  | 25                                                          |
| Supported Orientation           | Face Up; Landscape; Portrait                                |

## Synchronisation Rate

|                            |             |
|----------------------------|-------------|
| Horizontal Frequency [kHz] | 31.5 - 91.1 |
| Vertical Frequency [Hz]    | 50 - 85     |

## Resolution

|                                   |                                                                                                                                                                                    |
|-----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Native Resolution                 | 1920 x 1080 at 60 Hz                                                                                                                                                               |
| Supported on DisplayPort and HDMI | 3840 x 2160 (24/30 Hz); 1920 x 1080; 1600 x 1200; 1360 x 768; 1280 x 1024; 1280 x 768; 1080i; 1080p; 1024 x 768; 800 x 600; 720p (50/60 Hz); 640 x 480; 576p (50 Hz); 480p (60 Hz) |
| Supported on HDMI only            | 4096 x 2160 (24 Hz); 3840 x 2160 (25 Hz); 1360 x 768; 576i (Value Hz); 480i (60 Hz)                                                                                                |

## Connectivity

|                       |                                                                                                                      |
|-----------------------|----------------------------------------------------------------------------------------------------------------------|
| Input Video Analogue  | 1 x D-sub 15 pin                                                                                                     |
| Input Video Digital   | 1 x DisplayPort (with HDCP); 1 x DVI-D (with HDCP); 1 x HDMI (with HDCP); 1 x Interface Extension Slot; 1 x OPS Slot |
| Input Audio Analogue  | 2 x 3,5 mm jack                                                                                                      |
| Input Audio Digital   | 1 x DisplayPort; 1 x HDMI                                                                                            |
| Input Control         | LAN 100Mbit; remote control wire (3,5mm jack); RS232                                                                 |
| Output Video Digital  | 1 x DisplayPort out (loop through: DisplayPort, DVI-D, HDMI, Interface Extension Slot, OPS)                          |
| Output Audio Analogue | 3,5mm jack                                                                                                           |
| Output Control        | LAN 100Mbit                                                                                                          |
| Remote Control        | LAN with SNMP; Remote Control IR (internal/external (optional) sensor); RS-232C (9-pin D-sub) Input                  |

## Open Modular Intelligence

|                         |                                                                          |
|-------------------------|--------------------------------------------------------------------------|
| OPS Slot                | Slot Technology: Open pluggable specification (NEC / Intel OPS standard) |
| Inrush Current [A]      | max. 10                                                                  |
| Power Consumption [W]   | max. 61                                                                  |
| Voltage / Current [V/A] | 16/4                                                                     |

## Interface Extension Slot

|                 |                                                         |
|-----------------|---------------------------------------------------------|
| Slot Technology | analogue and digital interface extension (NEC standard) |
|-----------------|---------------------------------------------------------|

## Sensors

|                      |                                                                |
|----------------------|----------------------------------------------------------------|
| Ambient Light Sensor | Integrated, triggered actions programmable                     |
| Human Sensor         | Optional, external, 4-5m range, triggered actions programmable |
| Temperature Sensor   | Integrated, 3 sensors, triggered actions programmable          |
| NFC Sensor           | Integrated, 2cm range, free NEC Android App required           |

## Electrical

|                        |                                  |
|------------------------|----------------------------------|
| Power Consumption [W]  | 125 Eco (shipment setting), 170  |
| Power Savings Mode [W] | < 0.5; < 2.5 (Networked Standby) |
| Power Management       | VESA DPMS                        |

## Environmental Conditions

|                            |           |
|----------------------------|-----------|
| Operating Temperature [°C] | +0 to +40 |
| Operating Humidity [%]     | 20 to 80  |

## Mechanical

|                             |                                                             |
|-----------------------------|-------------------------------------------------------------|
| Dimensions (W x H x D) [mm] | Without stand: 1.214 x 684 x 100                            |
| Weight [kg]                 | Without stand: 25.9                                         |
| Bezel Width [mm]            | 1.2 bottom/right; 2.3 top/left; 3.5; Content to content 3.7 |
| VESA Mounting [mm]          | 4 holes; 400 x 400 (FDMI); M6                               |
| Ingress Protection          | IP40 (front); IP20 (back)                                   |

## Additional Features

|                         |                                                                                                                                                                                                                                                                                                                                 |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Special Characteristics | Auto ID assignment; Auto tiling function; Automatic Alarm E-Mails; DICOM support; Frame Comp; HTTP Server; Image flip; Intelligent Wireless Data (based on NFC); NaViSet Administrator 2; Point Zoom Function; Programmable 10-bit LUT with 3 memory banks; Sticky Note Function in OSD; TileMatrix; User readable log function |
| Safety and Ergonomics   | C-tick; CE; EAC; FCC Class A; PSB; RoHS; SASO; TÜV GS; UL/C-UL or CSA; VCCI                                                                                                                                                                                                                                                     |
| Audio                   | Optional Speakers (15 W + 15 W)                                                                                                                                                                                                                                                                                                 |
| Shipping Content        | CD-ROM (User Guides/Manuals); Display; DisplayPort Cable; Free LAN control software (download); Power Cable<br>Signal Cable: LAN cable                                                                                                                                                                                          |
| Warranty                | 3 years warranty incl. backlight; additional services available; optional 4. + 5. year warranty extension                                                                                                                                                                                                                       |
| Operating Hours         | 24/7                                                                                                                                                                                                                                                                                                                            |

## Available Options

|                     |                                                                                                                                                                                                                                 |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Accessories         | Calibration kit (KT-LFD-CC2); Feet (ST-5220); Overframe kit (KT-55UN-OF2); Remote control kit (KT-RC2); Speaker (SP-RM1 ); Trolley (PD02VWM 2x2 46 55 L, PD02VWM 3x3 46 55 L); Wall mount (PDVWXUN 55 L/P; PD02VW MFS 46 55 L/) |
| Interface Extension | SB3-AB1 analogue: Audio; Component; Composite; S-Video<br>SB3-AB2 analogue: Audio; RGBHV<br>SB3-DB1 digital: 2 x HDMI                                                                                                           |
| OPS Slot            | HD-SDI 1.5G / 3G; HDBaseT receiver; Intel® Celeron and Core i3, i5, i7 Slot-in PCs; OPS Digital Signage Player                                                                                                                  |

## Green Features

|                   |                                                                                                                                                                        |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Energy Efficiency | Ambient light sensor; Annual energy consumption: 173 kWh (based on 4 operating hours per day); Carbon savings meter; ECOMode; Energy efficiency class: B; Human Sensor |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
